EVENT SOFTWARE FOR EVERYONE

IT'S ALL ABOUT THE PEOPLE

We believe that events are great to connect, collaborate and grow. With the event software from Seats2meet.com you are able to super charge your events. Use the smart matching tool to attract new audiences.

Offer a great service to your audiences to find the best match for them during your event!

KEY FEATURES

Event detail page with program, organizer info, storytelling

View profile of your audience and start a chat

Look beyond your own network bubble and find previously unknown but relevant events

Explore events on topic, location and city

Connect with the right professionals each time

Create an event

Explore events

Relevant events for you
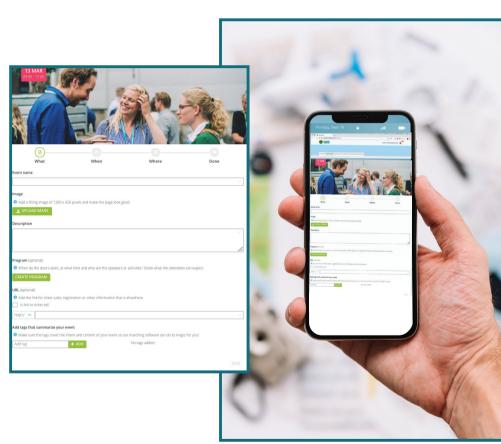

CREATE YOUR EVENT

Setup is a breeze.

Get going in 3 easy steps.

Your event tags ensure it is found by the S2M network of 60.000 professionals.

Edit at any time and get notified when you've received a new RSVP.

YOUR DASHBOARD

Manage your event like a pilot steering her plane.

This event dashboard has it all:

-See who's coming

-Connect with the attendees

-Understand their needs

TAG CLOUD OF KNOWLEDGE AT YOUR EVENT

CONNECT TO YOUR AUDIENCE

Learn more about your audience or start a chat

Create a profile yourself to give a face to your event
